The **3Beaches Collection** is a versatile range of resort fabrics suitable for commercial, residential and marine applications. Each collection is inspired by Australian elements and offers a comprehensive range of both traditional and contemporary colours and designs.

Manufactured in a state of the art facility using premium Sunbrella yarn, the entire range has been engineered with performance characteristics that provide resistance to fading and degradation from both sunlight and chemical exposure. The collection is tactile yet durable, easy to care for, and offers a unique combination of performance and style.

3Beaches' demand for excellence is uncompromising. Designing world-class fabrics is not just our business, it's our passion.

# Our Founders

## Niamh Brennan & Sonya Romeo

Niamh and Sonya met in 2014 at the Australian Institute of Creative Design. Sonya Romeo was lecturing in interior and surface design and Niamh, a practicing Lawyer at the time, was studying at the institute.

While working on property development, interior and surface design projects, the co-founders discovered the textile market was lacking bespoke performance fabrics suitable for outdoor applications. From there, Niamh and Sonya designed the artwork for what would eventually become the Coast Collection, 3Beaches first collection.

In its infancy, the Coast Collection was printed onto fabric base cloths of various compositions via a process called dye sublimation. After testing these printed fabrics in the elements, it was clear they could not withstand Australia's harsh outdoor climate. The ethos of 3Beaches was born - to produce stylish products of uncompromised excellence.

In their quest for quality and durability, 3Beaches aligned themselves with Sunbrella, the world leader in performance fabrics. The Coast Collection was then woven with the composition 100% Sunbrella acrylic.

Remaining the owners today, and the driving force behind 3Beaches. Sonya Romeo and Niamh Brennan have continued to collaborate with Sunbrella to curate and design further best selling collections for interior, exterior and marine upholstery.

Unapologetic in our demand for excellence, we guarantee quality and durability in all of our products.

Relax with 3Beaches, we've got you covered.

# Cleaning & Care

GREENGUARD Environmental Gold Certification  
Highly Durable Yet Luxuriously Soft  
Woven With 100% Sunbrella Yarn  
Non-Toxic  
5 Year Warranty

The best way to get longevity out of our fabrics is by brushing off any dirt or debris prior to it becoming imbedded into the fabric. Ensure a soft bristle brush is used to avoid thread pulls.

Wipe spills immediately with a soft cloth, and clean before staining occurs. The quicker spills and stains are cleaned, the easier they are to remove.

For upholstery remember to:

- Blot (don't rub) liquid spills with a clean, dry cloth.
- For oil-based spills, apply an absorbent such as corn starch, then wipe clean
- Spray on a mild cleaning solution of soap (such as Dawn or Woolite) and water
- Rinse the fabric thoroughly to remove all soap residue
- Air dry
- Iron at a low temperature

Machine Wash:

Fabric covers that can be removed for washing can be:

- Machine washed at 40C
- Add 50mL of bleach in case of tough stains
- Air dry, do NOT tumble dry

Hand Wash:

Fabric covers that cannot be removed for washing can be:

- Cleaned with a soft bristle brush and soapy water
- Add 50mL of bleach in case of tough stains
- Rinse with clean water
- Air dry

Wash at or below 40°C
